

## MEMORYMAN'S WEEKLY WEEKEND SEMINARS

Memoryman will be giving a 12 noon to 5 PM instructional seminar on improving your memory every Saturday until further notice. These seminars will be held in the Los Angeles area and the location will be disclosed to the attendees. The fee for Memoryman's seminar is \$25,000 per person and includes the attendee receiving a platinum lifetime membership as part of the benefits they receive. A four-star dinner will be served following the seminar, and then there will be entertainment and socializing. The next day will be more fun. A \$5,000 referral fee will be given to any individual who introduces an attendee to this once in a lifetime transformational seminar.

The Memoryman weekly weekend miracle seminar gives you the gift of supporting your memory and the work it needs to do to keep you alive and vibrant. When you possess the knowledge of how to use your memory to keep yourself alive, you're richer than you ever dreamed possible. But what about the money, you ask. You can get millions with the power of memory. What good was all of John Denver's money, one of the greatest songwriters and singers of all time, when he crashed to his death because he forgot to put gas in his plane?

Please make everyone you know aware of these seminars. The more members we have, the more courses we can buy for those that can't afford them. Do a good deed today!

Memoryman is the world's foremost authority on human memory performance. Even the comic book and the upcoming feature film MEMORYMAN are based on his world renowned memory improvement work. Millions who have viewed the national television show MEMORYMAN have seen him memorizing a 50-digit number forwards and backwards as quickly as he hears it and remembering the names of an entire audience. His formulation for the Creative Ability System, which is under Federal Copyright and therefore taught in no other course, is necessary for real memory improvement. It now allows anyone to possess an excellent memory and the rewards that go with it.

His memory training courses have been presented at over 25 colleges and universities, including the University of Southern California, Stanford University, Columbia University, New York University, Southern Methodist University, and the University of San Diego Law School. Memoryman is a graduate of Queens College of New York.
